Register [www.seamscloud.com](http://www.seamscloud.com) or email [info@seamscloud.com](mailto:info@seamscloud.com)

We will  
simplify your  
business  
training to  
maximise  
your business  
performance

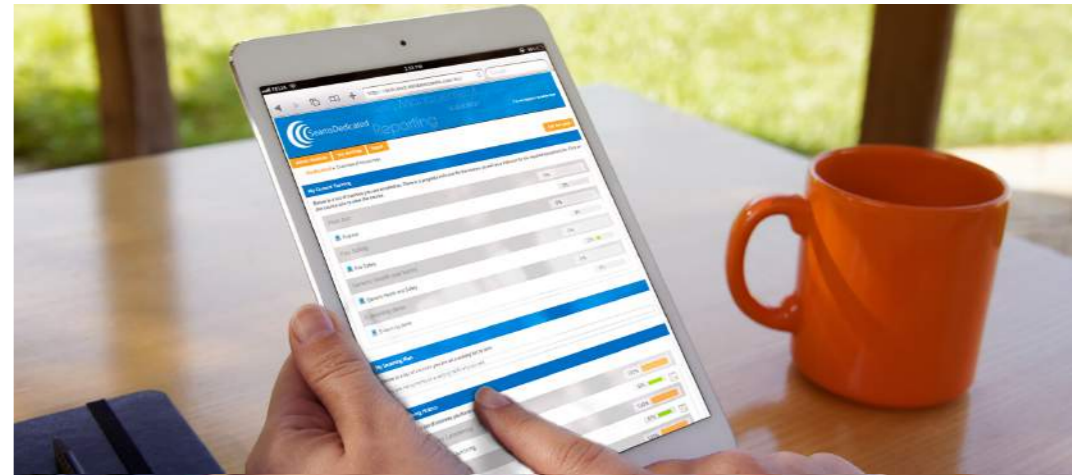

Seams Dedicated is designed by you and developed by our team of experienced professionals. It is designed for complex environments with very bespoke requirements including:

- Multi-tier and location access controls
- Classroom and online training
- Advanced filtered reporting
- Certifications
- Training wish lists
- 360 degree feedback
- Custom branding and URL

Accessible  
24/7  
from any  
device

At least  
10%  
increase in  
staff  
productivity

**Benefits**

**Turn key solution**

The system is designed to meet your needs. We'll work with you to develop a system that looks clean, uncluttered and is intuitive to navigate, regardless of how much training content you have installed, or whether you're using the system as an admin, a manager or a basic user.

**Cost predictability**

Set costs regardless of the number of Users in the system.

**Reduce staff turnover**

Research shows that companies offering poor or no training are 4 times more likely to see increased staff turnover and direct replacement costs can reach 50-60% of the staff salary.

No  
software  
or  
installation  
costs

Reduce  
staff  
churn  
by 70%

**Reduce maintenance and management costs**

Save hours on administrative tasks. Seams Dedicated is programmed to notify staff when training is due and stores the results of completed training. Managers can run a comprehensive training report with the click of a button.

**Smarter / more efficient staff**

Training can yield at least 10% improvement in the productivity levels of the workforce. For example: An office accounts assistant who earns €10 / hour completes an online advanced accounting course costing €100. They save 15 minutes a day with the newly learnt skills. Increased productivity pays for the course within two months. The 15 minutes / day yields a 200% ROI in 1 year.

## Features

### Customised branding

The system will display your own company logo, ensuring a consistent experience of your brand for users and a seamless integration of Seams Dedicated into your existing training infrastructure. Apply your own look and feel to Seams Dedicated, within seconds. Upload your logo, icons and brand colours, to start with...

### Dedicated URL

Seams Dedicated has a dedicated URL, that represents your brand. For example, www.abctraining.com. You select it, we organise hosting and maintain it.

### Regular feature enhancements

Need a new feature? Not a problem! That is what Seams Dedicated LMS is all about. Our team will work with you to add functionality that will make your LMS match your needs.

### Intuitive, user-friendly interface

We've worked hard to develop a system that looks clean, uncluttered and is intuitive to navigate, regardless of how much training content you have installed, or whether you're using the system as an admin, a manager or a basic user.

Save 50%  
on training  
delivery  
time

Accessible  
24/7 – 365  
days a  
year

### Employee/staff engagement

Let your staff know you are invested in them. Staff can request additional training for personal development through the training wish list. The training administrator can then allocate training from their dashboard depending on convenience, availability or any other factors.

### 360 degree feedback

Allows employees to receive feedback from the people who work around them – not only their manager, but from peers, subordinates and other stakeholders as well. This facilitates a comprehensive understanding for each employee of their own strengths, weaknesses and of their performance from every conceivable perspective.

### Role-based access control

An easy-to-use authorization framework that allows you set system access for users according to their role within your company. For example; Managers can access their teams training material, schedules and reports where as staff can only see the training they have to take.
